

**SKYLIGHTS &
LANTERN LIGHTS**

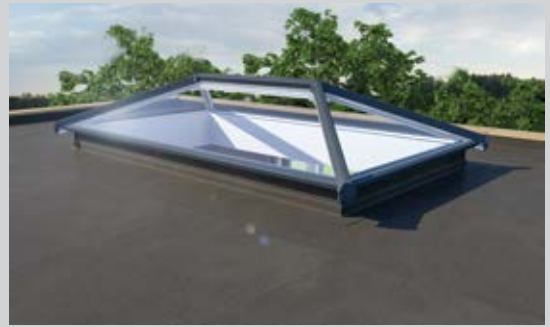

Enhance Your Home with **Sky light**

Why Choose Stratton Skylights?

Extending your home can make the hosting room dark and unappealing. Adding roof-lights to your extension will allow natural daylight into your extension, help prevent the adjoining room from being dark and give you a natural outside light inside.

We offer pitched lantern roofs and simplistic flat skylights. The lantern roof is available in aluminium and uPVC. Both roofs come with **toughened safety glass as standard.**

Lantern Skylight

Our lantern skylight is based on traditional design but with contemporary features. It's super strong frame requires less glazing bars meaning more glass and more light.

Flat Skylight

Frameless from inside, giving the room a bright and open look. Thermal efficiency is combined with noise reduction glass that lets the light in but keeps the cold and noise out.

Pitched Lantern Skylights

Our lantern combines fresh modern styling with natural light to create a beautiful warm glazed extension with the style and grandeur of a traditional orangery. Our lantern's extra strength means less bars and uninterrupted sight lines for maximum light. Available in a variety of sizes to a maximum width of 4m and length of 5.8m.

ALL NEW Flat Glass Skylight

Our ALL NEW flat skylight provides a contemporary style to any glazed extension or orangery roof by **flooding natural light** into previously dark gloomy rooms.

Its distinctive sleek, frameless edge to edge glass gives a stunning contemporary look that compliments the style of the roof and allows the largest possible amount of light into the room. It appears frameless from the inside, giving a bright open room feel.

Thermally Efficient

Fully insulated with **Warm Frame** technology. Glass u-value of 1.0 W/m²K.

Customisable

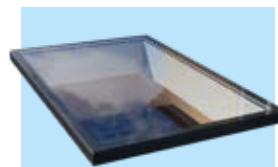

Bespoke sizes available in any RAL or specialist colour.

Less frame, More Glass

Edge to edge glass & plasterboard trim for a neat & contemporary finish.

Long Lasting

Seamless glass keeps your home water-tight and comes with a 10 year warranty.

* Figures stated above are guides as to the performance of the related glass colour and can vary marginally.

Providing **inspiration** to **installation** then **aftercare**

Since 1979, our family run company has always followed the same values. We believe in treating our customers in a way that we would like to be treated. We keep it simple. Firstly we provide quotations based on well informed advice, we do not condone old fashioned pushy sales tactics. Secondly we only supply good quality products for fair prices. Finally our installations are all backed by our 10 year warranty.

Book a Free Design Visit
